

NSK South Africa (PTY) Ltd

Quality Policy Statement

In support of our corporate culture and in consistence with the manufacture and worldwide marketing of high quality NSK Bearings, Linear Motion and Megatronic products a quality management system as per the requirements of ISO 9001 is maintained within NSK South Africa. Top management and personnel are committed to continually improve the effectiveness of our quality management system to the ultimate benefits of all our stakeholders.

Top management is committed to guide NSK South Africa towards improved performance by means of:

- Customer focus
- Leadership
- Involvement of people
- Management of resources and processes
- Effectiveness and efficiency
- Continual improvement of products and processes
- Factual approach to decision making
- Beneficial shareholders and supplier relationship
