TO WHOM IT MAY CONCERN

Subject: **RE-CERTIFICATION AND TRANSITION AUDIT TO IATF 16949:2016**
Our ref ID: 2659

We are pleased to confirm hereby that PT. SGS Indonesia has performed the certification audit of **PT. NSK Bearings Manufacturing Indonesia** to the requirements of IATF 16949:2016 over a period 20-21 & 23-24 August 2018 for the following scope of certification:

“Design and Manufacture of Ball Bearings”

Based on IATF Rules 5th Edition, the certification decision shall be made within a maximum of 120 calendar days from the last day of the transition audit. Until IATF 16949:2016 Certificate is issued, this letter will be considered as recommendation for IATF 16949:2016 certification process.

This recommendation letter is valid up to 22 December 2018.

Thank you for your kind attention and please do not hesitate to contact PT. SGS Indonesia for any questions you may have.

Very truly yours,

David Situmorang
Business Development Manager - Transportation
PT. SGS Indonesia
