

Ball Screw Support Units - WBK series

Support units for light to heavy loads and small equipment provide both fixed and support side bearing assemblies to support screw shafts. They provide all required parts such as bearing locknuts so that you can mount them directly to standard NSK machined ball screws.

Product Features

- Antirust treatment
- Multiple types available (round, square, miniature, heavy)
- Various sizes and shapes available

Benefits

- Low torque
- Outstanding low dust emission for "Clean Unit", using NSK LG2 grease

Condition Description

- Green environment
- High Accuracy
- High Speed

Industries

- Machine Tools
- Automation
- Measuring Equipment
- Medical and Health Care
- Semiconductor
