

High Capacity HR Series Deep Groove Ball

Bearings
The HR Series NSK's High Capacity Deep groove Ball Bearings can dramatically improve the life of your machine through an optimised internal design and a significant increase of its dynamic load rating, compared to standard Deep Groove Ball Bearings.

Product Features

- High load ratings (7% to 19% increase in dynamic load rating)
- Optimised internal design
- Steel cage
- Bigger rolling elements
- Some sizes available with closures (shields, seals)

Benefits

- Longer life (22% to 68% increase in ISO L10 life)
- Interchangeable with the standard Deep Groove Ball Bearings
- Possibilities of downsizing

Condition Description

• High Load

Industries

- Chemical and Pharmaceutical
- Electric Motors
- Food and Beverage
